AAK - aantal aangevinkte kenmerken

Het AAK geeft de mate aan waarin je je blootgeeft aan anderen. Je openheid.

De gemiddelde AAK score is 34,0 (van max. 64,0).

GIN (gemiddelde intensiteit)

De GIN score geeft het gemiddelde intensiteitsniveau van de aangegeven kenmerken. Een hogere score wijst op een sterke mate van (zelf)kritiek omdat deze het resultaat is van negatievere zelfomschrijvingen.

De gemiddelde GIN score is 2,5 (van max. 4,0).
